

creative education for gifted and inquisitive children

Satori School Newsletter ~ February 11, 2022

Dear Satori Students and Families,

I hope everyone had a chance to connect during Parent/Teacher conferences this week. It is so important to take this time to focus on our shared mission: our incredible kids. Thanks to those of you that allowed Regina and me to join in on your conferences.

I also want to thank everyone for their support upholding our mitigation plan. It has been a challenge, but we have done a great job keeping our people safe and our school open. There has been some discussion in the media about discontinuing mask requirements. Satori will continue to follow PCHD guidelines that include wearing masks at school.

Mark your calendars for April 9, 2022, for *Boots & Bowties* Satori's Wild West themed virtual auction. This is our major annual fundraiser and is always a lot of fun. We will have online bidding, a raffle, and host a virtual social event. If your family has a business or if you know of someone who is interested in sponsoring our school by making a donation, either through direct financial support through sponsorship or by donating goods and services for the auction, please contact me.

Jo
