

Protecting our Community: COVID-19

Satori continues to follow the advice and guidelines from Pima County Health Department. Our policies and procedures may change according to PCHD recommendations.

Face Masks

- According to current state and county policy, at Satori support will be provided for students and staff who choose to mask. Masking requirements or recommendations may shift should the need arise within a particular classroom. Satori will work with students to assist them in wearing face coverings while on campus as necessary.
- Masks are available to those in need through a variety of programs. Please contact the office for more information.
 - Private: (520) 887-4003
 - Charter: (520) 293-7555.

Hand Washing

- Everyone must wash their hands or use alcohol-based hand sanitizer before entering any Satori building.
- Hand washing stations and/or alcohol-based hand sanitizer will be available outside of each building.
- Each classroom will incorporate a handwashing protocol into their daily routines.
- Hand washing stations and/or alcohol-based hand sanitizer will be available in each classroom.
- Alcohol-based sanitizer will not be available in the preschool classroom or in Extended Care due to licensing restrictions, but frequent hand washing routines will be incorporated into the daily schedule.

Air Flow

Satori maintains air flow in the buildings throughout the day. Portable air cleaners and room humidifiers may be used to increase air flow.

Cleaning Protocols

Cleaning and disinfecting of doors, desks, workspaces, and other high use surfaces with disinfecting chemicals occurs throughout the day.

Illness Policy

In accordance with Pima County Health Department, if a child or staff member tests positive for COVID - 19:

- Fully Vaccinated
 - A fully vaccinated community member will have a complete series vaccinations including all available boosters.
 - If they are fully vaccinated and symptom-free, they may come to school with an approved mask (N95, KN95, or equivalent) and remain masked for 10 days from the positive test.
 - If they are fully vaccinated with symptoms, they should stay home until they have been fever-free for 24 hours without medication and any other symptoms are improving or resolved according to our standard illness policy. At that point they may return to school with an approved mask (N95, KN95, or equivalent) and remain masked for 10 days from the positive test or the onset of symptoms.

- Partially Vaccinated or Unvaccinated:
 - A partially vaccinated or unvaccinated community member must stay home and isolate for 5 days. Day of positive test or 1st symptoms is day 0.
 - They may return to school on day 6 provided they have been fever-free for 24 hours without medication, and any other symptoms are improving or resolved according to our standard illness policy. Upon their return to Satori, they should wear an approved mask (N95, KN95, or equivalent) at school for 10 days from the positive test or the onset of symptoms.
